The five front rooms will be completed as expeditiously as possible, and it is hoped the entire twenty-one will be ready for guests within sixty days, says Manager Hickernell. PROTEINS ESSENTIAL.

(By Associated Press.)
MISSOULA, Mont., Nov. 15.—Mountains of potatoes will not save kaiserism if butter and oils are lacking. The greatest corn crop in the world would do the Germans no good if they have no milk and meat.

These statements were made in a recent lecture here by Dr. W. G. Bateman, assistant professor of physiological chemistry at the University of Montana.

"Fuel foods are absolutely essential to the human system," Dr. Bateman declared. "These foods are proteins, fats and carbohydrates such as starch and sugar. Fats, including vegetable oils, are getting extremely scarce in Germany."

AMUSEMENTS

"FIGHTING TRAIL" AT THE BUTLER TODAY.

The fourth number of "The Fighting Trail" will be shown at the Butler today. This picture is gaining in popularity every week, and every week the attendance is larger and the picture continues. It is without doubt the greatest photoplay serial that has ever been screened. It is a picture of the great outdoors, and every kind of an accident and thrill is encountered as the story unfolds. Do not miss a single number!

The feature for today had to be changed on account of the one advertised being damaged by fire in the projection room of the Fox Film Exchange. The feature which will be shown is entitled "A Rich Man's Plaything," starring Valeska Suratt. It is the story of a humble country girl who is thrown into the life of a financier, who, to escape the city life and people he has come to hate, goes to work in one of his oyster canneries where the girl (Valeska Suratt) works. Although this man loves the girl he is haunted by the fear that if she by marrying him is placed in the atmosphere of wealth she will become like other wealthy women he has known. How he gets around this phase of the situation is shown in a very graphic and thrilling manner.

Tomorrow a great big double show—little Thelma Salter, in "Stumbleland," and "Tom and Jerry Mix," one of the greatest comedies ever shown.

The girl with the Fatal Ring upon her person, is still at large. It seems queer that no one possesses a sufficient amount of the Sherlock Holmes instinct to intercept her. Last evening she enjoyed herself at the T. A. R. dance at the Mizpah hotel. Tonight she will witness "The Fighting Trail" at the Butler, and if not captured in the meantime will attend the dance at the Airdome Saturday night. Why sleep your life away? Let's find the girl.

RAILROADS WANT LOANS.

(By Associated Press.)
WASHINGTON, Nov. 16.—The question of the government loaning money to the railroads was brought forward at the advanced rate hearing before the interstate commerce commission.

Samuel Rae, president of the Pennsylvania railroad, said he believed the time had arrived when government loans should be seriously considered, and Clifford Thorne, counsel for the shippers, stated he believed it the proper solution for the railroad situation. Mr. Rae testified, however, that should the money be forthcoming from the government it ought not affect the proposed freight increase, while shippers' counsel believed the plan should be made effective in lieu of the rate increase.

PHONE STRIKE SETTLEMENT.

(By Associated Press.)
SAN FRANCISCO, Cal., Nov. 16.—A member of the United States mediation commission said today an agreement had been reached averting the spread of the telephone strike. It is expected the employees and the company will formally ratify it immediately. Settlement of the strikes in the northwest cities is said to hinge upon the ratification of the agreement by the California workers.

The agreement provides for a 12½ per cent increase for the electrical workers and for operators receiving up to \$50 a month. The company will not recognize the operators' union, but will not oppose further organization.

It is charged he deserted his wife, and three children.

PUPILS HEAR OF ITALY.

This morning Miss Smith's sixth grade and Miss Bennett's fifth grade pupils, in connection with their work in geography and history, were studying Italy, and particularly Rome. Mrs. Hugh R. Brown delighted the children and vitalized the work they were doing by exhibiting pictures and giving descriptions of scenery and the ruins of Rome. As Mrs. Brown has visited the places she described, her knowledge is first-hand and she knows just how to make the children see in their mind's eye just what she has seen in reality. Next Tuesday Mrs. Brown will visit the same rooms and take up Naples and Venice in the same way. The children and teachers are grateful to Mrs. Brown for the interest she is showing in them and their work.

STEAMER WRECKED.

(By Associated Press.)
SEATTLE, Wash., Nov. 16.—The fishing steamer Manhattan was wrecked off Cape Spencer, according to a wireless from the steamer Mariposa. Six of the crew were picked up. Twenty-nine are missing.

Do not lose the chance and go straight to the Vienna Bakery, where you can get bread 24 hours old at the following prices:
Wholesome 10c a loaf
Other kind 10c a loaf
This bread is practically fresh as any, and, furthermore, do not you think it a shame to pay 20c a loaf for bread, whereas you can get same at half that price?
Do not forget that Progress Bakery and Vienna Bakery are the places which can protect the people from the down prices, on account of their possibility to get the flour and the other stuffs by carloads.

Patronize our bread and we will knock down prices in spite of the present abnormal conditions.
